HEALTH AND SAFETY AND TECHNICAL INFORMATION

MARNEY'S LEATHER DRESSING

Revision Date - February 2009

Product Name: Marney's Leather Dressing

Chemical Composition: Unbleached Bees Wax
Anhydrous Lanolin
Cold Tested Neatsfoot Oil

Hazardous Ingredients: None

Physical Form: A soft yellow wax with a faint odour.

STORAGE AND HANDLING The Leather Dressing should be stored in a closed container in a cool place and kept away from sunlight. It has a shelf life of 2 years.

SPILLAGE AND DISPOSAL METHODS Scrape up and dispose in bin. Wash remnants with hot water and detergent.

FIRE PRECAUTIONS Non-Flammable. Treat as oil fire if ignited.

FIRST AID MEASURES In case of contact with skin or eyes, rinse immediately with plenty of warm water.

GENERAL INFORMATION Marney's Conservation Leather Dressing is a non-flammable, non-toxic, stable product which requires no special measures when handling. The product should be handled according to the directions on the container.

NB: The information supplied is, to the best of knowledge, true and accurate, but recommendations or suggestions made are without guarantee since the conditions of use are beyond our control.
